

## Movement

Speed	yards per minute	feet per round	time base	save attack
Semiconscious	movement	half movement	endurance rounds	-
Combat	twice movement	movement	endurance minutes	0
Dash	6 times movement	3 times movement	endurance minutes	-1
Explore	4 times movement	twice movement	endurance times 10 minutes	0
Walk	10 times movement	5 times movement	endurance times 30 minutes	-2
Jog	20 times movement	10 times movement	endurance times 5 minutes	-4
Run	30 times movement	15 times movement	endurance minutes	-8
Sprint	50 times movement	25 times movement	endurance rounds	-16

Chases are agility contests. The faster contestant is at +1 for every three points their movement is faster.

Walking speed is approximately one-third movement in miles per hour. Characters can walk twice their movement in miles per day under perfect circumstances.

Jumping is an agility roll with strength as a major contributor, and a bonus of 8. At two feet, the penalty is 1, and it doubles for each foot beyond that. Moving characters can add their movement to the agility roll for how far they jump.

## Ability Modifiers Difficulties

Ability	Major	Minor	Incredibly Easy	+16
3	-3	-2	A Snap	+8
4-5	-2	-1	Very Easy	+4
6-8	-1	0	Easy	+2
9-11	0	0	Difficult	0
12-14	+1	0	Very Difficult	-2
15-16	+2	+1	Extremely Difficult	-4
17	+3	+2	Nearly Impossible	-8
18	+4	+2	Practically Impossible	-16

**Careful attempts** are at +1, and extra careful attempts at +2. **Carefulness** increases time spent from a round to a minute, to ten minutes, to an hour, to a day.

## Group Effort

Group effort bonuses apply to ability rolls, attacks, defense, number of actions, and combat movement, and penalize decision times. If group members have varied scores, use the median score.

Survival potential is the median plus the bonus times the median. Survival loss is divided among all combatants. On a failed Evasion roll (defense is a bonus), the character takes up to the amount the Evasion was failed by as injuries instead.

<b>Count:</b>	2	4	8	16	32	64	128	256	512	1024
<b>Bonus:</b>	1	2	3	4	5	6	7	8	16	32

## Item Saving Rolls

Material	Fire	Bludgeon	Acid	Bonus
Glass	+8	0	+16	quarter inch
Ice	0	0	+8	half inch
Metal	+6	+5	0	quarter inch
Paper	-2	+6	+8	half inch
Stone	+8	0	+10	inch
Wood	0	+3	+5	inch

Item saving rolls are a fortitude roll against four. If failed, the item is damaged as normal. Beyond the bonus thickness, they gain a bonus of one; for each doubling, another bonus is gained. Items have survival points equal to their weight in pounds.

# Conflict

Attack rolls are against an 11 or less.

**Surprise:** Awareness grants a bonus of 4; sleeping is a penalty of 6. Surprise means no action in the first round, and a penalty of 2 to defense and 3 to attack thereafter. A willpower or fortitude roll is required to become unsurprised.

**Unconsciousness:** Targets who gain injuries must make a Fortitude roll or fall unconscious at the end of the round. Injury point penalty applies.

**Death:** Targets who gain injuries that exceed current survival contest their injuries with their Endurance. Injury point penalty applies. Unconscious characters gain a bonus of two. Death occurs after Endurance minus injuries minutes or (if unconscious) hours.

**Called Shot:** A character may take a -3 attack and focus the attack on a specific location. Effects will vary.

**Cover:** Warriors gain +1 defense for weak cover, +2 for strong, and +3 for full. Non-warriors get +0, +1, and +2.

**Covered:** If the target is "covered", the attacker gains a free attack at +4 attack and +1 damage. If the target attacks first, successfully contesting the attacker, the attack is not free.

**Firing into close combat:** Two to four combatants count as strong cover. Five or more count as full cover. If the target is hit, any of the target's adjacent attackers who the roll would also have hit must make an Evasion roll or take the same damage. If the attack misses, one random adjacent opponent must make an Evasion roll with defense as a bonus or be hit.

**High Ground:** +1 to either attack or defense.

**Immobilized Target:** Attacking an immobilized target is at +10 attack. Agility does not apply to defense.

**Non-defending opponent:** Attacking a non-defending or unaware opponent is at +4 attack.

**Quickdraw:** A character can attempt to draw and use an available weapon in the same round. An Evasion roll is required. If unsuccessful, the character acts as surprised, which must be thrown off as normal.

**Knockout:** Called shot against covered, unaware, surprised, or immobilized target required. Target allowed evasion roll, with a bonus according to headgear. If unsuccessful, one point of the damage adds to the target's injuries. Warriors may allot two combat points to do up to two injury points.

**Immobilization:** For a -2 defense, an attacker may try to immobilize a target. A called shot is required. An evasion roll is allowed at +2 for each size difference the target is larger than the attacker. Once partially held, the combatants are in a fortitude contest, with the larger of the two gaining a bonus of 4 for each size difference. If the target succeeds, the hold is broken; if the attacker succeeds, the target is immobilized and further fortitude rolls at -3 are required to break the hold. While partially held neither combatant may attack.

**Unseen targets:** Attacks against unseen targets, if the attacker is basically aware of the target's location, are at a penalty of 3 in close combat, 6 in ranged combat.

**Covered, immobile, & non-defending do not combine.**
